Local film competition to help young people take first step toward a career in filmmaking

Action! This week Waterford Rise officially launched the BAW BAW RAW! FILM PRIZE, a short film competition offering secondary school students and young adults something different to do with friends over the summer break, as well as the chance to share in \$3000 worth of cash prizes.

Mr. Glenn Sanford, Waterford Rise General Manager, said the competition is designed to offer local young people a creative and constructive outlet and to foster their sense of leadership and community involvement.

"By offering this opportunity to get out, get active and get creative we aim to significantly contribute to the happiness, confidence and health of our teenagers and young adults through active involvement in community life," Glenn said.

"Who knows, we may even unearth the next Baz Luhrmann, Russell Crowe or Peter Weir in the process!"

The BAW BAW RAW! FILM PRIZE is open to budding young filmmakers across two categories: Secondary school students who live or attend school within the Shire, or young adults up to the age of 25 who live or attend a tertiary institution within the Shire.

In an effort to make the competition accessible to as many future directors, producers and screenwriters as possible, entrants are encouraged to record on a smartphone and edit the footage on their laptop, home or school computers.

"These days smartphones are everywhere and usually feature HD

video recording capabilities, while editing software now comes pre-installed on most computers and is freely downloadable online, so the basic tools of cinematography are at everyone's fingertips," Glenn said.

Entries close on Monday 16 March 2015 and must be no longer than seven minutes and not contain nudity or sex scenes, drug use, coarse language or excessive violence. Importantly, entries must reference "Waterford Rise" - it is up to entrants to get creative when fulfilling this requirement.

All entries will be uploaded to YouTube and facebook for viewing and comment from the local community before the formal winners are awarded by the competition judging panel at the Screening Night and Awards Ceremony in April, details of which will be announced soon.

Glenn said the competition had already created a buzz around the Shire, with the community getting behind it and local businesses and communi-

ty groups pitching in financially or helping to spread the word.

"As principle sponsor of the BAW BAW RAW! FILM PRIZE, Waterford Rise has been generously supported with free advertising by Star FM and Peninsula Cinemas Warragul," he said.

"Without the support of our Display Village builders the program would never have got off the ground: Aaron J Homes, Burbank, Cheviot, Dennis Family Homes, Fairhaven Homes, Hotondo Homes, Metricon Homes, Rawdon Hill Developments, Red Bluff Homes, Roseleigh Homes, Simonds Homes and Viva Easy Living all made significant financial contributions."

"We'd also like to thank Oliver Hume and FREEZA Victoria who helped fund the prizes, while Headspace Central West Gippsland's team of young, energetic volunteers are providing support with graphic design, marketing and event management, while receiving valuable on-the-job experience at the same time."
